Prayagraj

EDUCATION

Bachelor of Technology (B.Tech), Computer Science & Engineering

Jaypee University Of Engineering And Technology
2020 - 2024
CGPA: 7.90/10

WORK EXPERIENCE

Java Full Stack Developer Trainee

Qspiders, Noida

Internship • Jun 2024 - Present (2 months)

Trained at Qspiders since June 2024 in Java Full Stack Development, mastering core Java, beginner advanced Java, MySQL, JavaScript, React.js, HTML, and CSS, with hands-on experience in building and managing full-stack applications.

TRAININGS

Ultimate MySQL Bootcamp: From Beginner To Expert

udemy, Online

Jan 2023 - Apr 2023

- Learned MySQL concepts in detail and applied them to real-world scenarios.
- Worked on projects like an Instagram clone, showcasing practical database skills.

PROJECTS

Learning Management System

Jan 2024 - Aug 2024

<https://github.com/BRIJESH6063/lms-app>

- Developed a Learning Management System (LMS) using Next.js and TypeScript for efficient frontend rendering and strong typing, ensuring a seamless user experience.
- Implemented Tailwind CSS for streamlined UI design, enabling rapid prototyping and consistent styling across the application.
- Integrated Clerk for authentication and Stripe for secure payment processing, facilitating user enrollment and seamless transactions for course purchases.
- Utilized UploadThing for reliable storage management of course-related files.

NavoChat - Real Time Chat Application

Aug 2022 - Jan 2023

<https://github.com/BRIJESH6063/whatsapp-clone>

- Developed a React-based real-time chat web application with an attractive UI, emphasizing modern design principles to ensure an engaging user experience.
- Implemented authentication mechanisms to securely log in users and maintain personalized chat logs.
- Integrated Websocket technology to facilitate real-time communication within the web application ensuring users receive updates in real-time without the need for manual refreshing.
